

Time to upgrade?

Introducing Heine's latest innovation in skin examination technology

Delta 30 Pro Dermatoscope

Invented to discover

New product

Optimal positioning of LEDHQ:

Light reaches deeper layers of the skin – giving an extremely vivid, spatial impression of lesions, similar to a 3D image.

Visualisation with a conventional Dermatoscope.

Visualisation with the new **Heine Delta 30 Pro**.

HEINE Distance Ring:

Designed with a zoom ring to use at all distances, meaning no pressure is needed to get a clear picture.

HEINE colorSHIFT function:

Easily adjust the colour temperature to suit your viewing habits.
