

Product Information Sheet

Grease Accessories

Standard Grease Drum Covers & Follower Plates

- The drum cover keeps dust and impurities from contaminating the grease
- Keeps the pump in a vertical position for optimum operation
- Lightweight & easy to install
- The follower plate is indispensable when using heavy grease, it is pulled toward the bottom of the drum by the vacuum that is created by the pump
- Follower plates to fit pumps with various sized suction tube diameters are available
- DJL4321KIT comes with 4 central sleeve options to suit different suction tube diameters (1", 1½", 1¼", 1¾") and removal of sleeve will allow pump diameter of 38.6mm
